

## HOME REHABILITATION PROGRAM

### El Camino Real Housing Authority's Home Rehabilitation Program

HOME Rehabilitation Program provides home repairs to bring the home up to code or accessibility modifications to homeowners who lack the resources to do so. Services include but are not limited to:

- Hazard reduction measures such as the installation of ramps or rails in bathrooms for elderly or disabled individuals who are at risk of falling
- Accessibility modifications for individuals with disabilities that include the installation of handrails and ramps or widening doors
- Repair or replacement of major housing systems such as furnaces, ducting or water heaters
- General and essential property improvements that are non-luxury in nature including roof replacement and mobile home replacement
- Measures needed to bring a home up to code or into compliance
- Energy-saving measures that help improve the efficiency of the heating and cooling of the home and reduce utility bills

The El Camino Real Housing Authority Home Rehabilitation Program is taking applications for the following Counties: Taos County, Cibola County, Colfax County, Mora County.

Please call: Keona Aragon at the El Camino Real Housing Authority office at 575-517-7969

Please email application to: [keona@socorrohousing.org](mailto:keona@socorrohousing.org)
